

**REMARKS/ARGUMENTS**

After the foregoing Amendment, claims 1-10 are currently pending in this application. Claims 9 and 10 have been amended to clarify the use of the term “received signal”, as suggested by the Examiner. Applicants submit that no new matter has been introduced into the application by these amendments.

**Allowable Subject Matter**

The Examiner is thanked for indicating that claims 1-10 contain allowable subject matter.

**Claim Objections**

The Examiner objected to claims 9 and 10 because in line 5 of both claims the limitation “signal to be measured” seems to refer back to the “received signal” in lines 3 and 4 of both claims. Based on the foregoing amendments to claims 9 and 10, the withdrawal of the objection to claims 9 and 10 is respectfully requested.

**Conclusion**

If the Examiner believes that any additional minor formal matters need to be addressed in order to place this application in condition for allowance, or that a telephone interview will help to materially advance the prosecution of this
